ABOUT US

Building a better world for our future generation by fostering education, creating livelihood & embracing sustainability.

My Children Foundation is a not-for-profit charitable trust based in Kolkata, committed to helping underprivileged children continue their education and build brighter futures.

Through education, mentorship, financial assistance, and emotional support, we help children grow into confident and independent individuals.

Together with our supporters, we are building stronger communities where every child has the opportunity to learn, dream, and succeed.

Core values

TRANSPARENCY

Track every donation, child progress, and fund utilization.

COMPLIANCE

Fully compliant with existing laws - 80G, 12A, and FCRA regulations.

MORE TO CHILDREN

Technology keeps administrative costs low, so more funds reach children.

MESSAGE FROM THE FOUNDER

Dear Friends,

Every generation believes it is living through extraordinary times. Today, however, the world truly stands at a crossroads. Wars, economic uncertainty, climate change, and widening inequalities continue to disrupt lives across the globe, and children remain the most affected. Their education is interrupted, their confidence shaken, and their dreams often left behind.

At the same time, we are witnessing one of the greatest technological revolutions in history. Artificial Intelligence is transforming how we learn, work, and solve problems. While it presents tremendous opportunities, it also raises an important question: **Will every child be prepared to thrive in this new world, or will the digital divide become an even greater social divide?**

“

Artificial Intelligence is transforming how we learn, work, and solve problems.

At My Children Foundation, we believe that education today must go beyond the classroom. Every child deserves not only academic support but also digital literacy, critical thinking, creativity, confidence, resilience, and the guidance of caring mentors. These are the skills and values that will enable them to build meaningful and fulfilling lives.

This vision continued to shape our work throughout the past year. We welcomed more children into our Comprehensive Mentorship Program, expanded our community of mentors and supporters, introduced digital literacy initiatives, celebrated academic achievements, encouraged sports and wellness, and created safe, joyful spaces where children could simply experience the happiness of childhood. Every initiative shared one common purpose—to help children discover their potential and prepare for a future filled with opportunity.

Because every child matters

This year also marked a significant milestone with the approval of our **FCRA registration**, enabling us to connect with supporters across the world and extend our mission to many more children who need guidance, opportunity, and hope.

“ We also believe that emerging technologies, including AI, can become powerful tools for the social sector—improving learning, expanding access, and enhancing impact.

Looking ahead, our aspiration is not simply to reach more children, but to serve them better. We envision an ecosystem that combines quality education with mentorship, digital literacy, life skills, health, creativity, and emotional well-being. We also believe that emerging technologies, including AI, can become powerful tools for the social sector—improving learning, expanding access, and enhancing impact. Yet no technology can ever replace the encouragement of a mentor, the compassion of a volunteer, or the belief of a community that stands beside a child.

The future will undoubtedly bring new challenges, but one truth remains constant: **when a child is given the opportunity to learn, dream, and believe in themselves, they become a force for positive change—not only in their own life, but for their family, their community, and society.**

On behalf of everyone at My Children Foundation, I extend my heartfelt gratitude to our mentors, donors, volunteers, partners, and well-wishers. Your trust and support make this journey possible. Together, we are building a future where every child has the opportunity to thrive with dignity, confidence, and hope.

With gratitude,

Debashis Majumder
Founder & Chairperson
My Children Foundation

WHAT WE ACHIEVED TOGETHER

Education & Mentorship

During FY2025–26, we expanded our mentorship programme by welcoming new children, mentors, donors, and volunteers. Through financial assistance, academic guidance, and emotional support, we continued helping children stay in school and realise their potential.

Learning & Development

The year saw the introduction of Digital Literacy initiatives and a variety of activities focused on holistic development. Summer camps, educational programs, and celebrations at our learning centers encouraged creativity, confidence, and community participation.

Community & Growth

This year marked several significant milestones for My Children Foundation. We strengthened our community partnerships through the Rotary Community Corps, installed a Public Address System at Jatragachhi School, and celebrated the approval of our FCRA registration—enabling us to reach and support many more children in the years ahead.

MAKING AN IMPACT

Digital Literacy Initiative

During FY2025–26, we conducted Digital Literacy sessions at our Mathurapur and Bankura learning centres, introducing children to computers and essential digital skills. Through hands-on learning, they built confidence, curiosity, and the skills needed to thrive in an increasingly digital world.

Summer Camp

Summer vacation brought creativity, learning, and laughter to our Mathurapur Learning Centre. Through engaging activities and educational kits, children explored new ideas, built confidence, and created lasting memories.

Health, Wellness & Achievement

International Yoga Day

Children celebrated International Yoga Day through yoga sessions and interactive discussions on nutrition, healthy habits, and well-being. The programme encouraged physical activity, mindfulness, and informed lifestyle choices for long-term health.

Celebratory Lunch

We celebrated the outstanding achievements of our Class 10 and 12 students with a special lunch. The event recognised their hard work, inspired younger children, and reaffirmed the value of encouragement, mentorship, and perseverance.

World Health Day

To mark World Health Day, children participated in a practical handwashing demonstration that reinforced the importance of personal hygiene and disease prevention. Through hands-on learning, they gained awareness of healthy habits and the role of proper hygiene in promoting overall well-being. The session encouraged children to adopt simple yet effective practices that contribute to healthier lives and safer communities.

“

Healthy Children, Brighter Futures

Good health and hygiene are essential for learning, confidence, and lifelong well-being.

Through simple awareness activities, we help children build habits that last a lifetime.

”

Moments Of Joy

Beyond academics, our learning centres became spaces of celebration, creativity, and friendship. Through cultural programmes, festivals, and recreational activities, children built confidence, created joyful memories, and strengthened their sense of belonging.

Rabindra Jayanti

Children celebrated the life and teachings of Rabindranath Tagore through recitations, songs, and creative activities. The celebration nurtured creativity while introducing children to India's rich literary and cultural heritage.

Rakhi Celebration

Children celebrated Rakhi through activities that promoted friendship, kindness, and togetherness. The celebration was made even more special with the distribution of bags and clothes, bringing joy while providing essential support. The occasion reinforced the values of sharing, mutual respect, and community.

Independence Day

Children celebrated the occasion through cultural and educational activities that inspired patriotism and deepened their understanding of India's history, freedom struggle, and democratic values. Through flag hoisting, patriotic songs, and interactive sessions, they learned the importance of unity, diversity, responsible citizenship, and national pride.

“

Freedom is not just our **right**,
it is our **responsibility** to
build a **better tomorrow**.

From Glory to Grit

Caring for Injured Basketball Players: Past & Present

In collaboration with the West Bengal Basketball Association, My Children Foundation participated in a workshop on sports health, injury prevention, and recovery.

The session brought together young players, coaches, and experts to discuss physical well-being, injury management, and safe sporting practices. Participants gained practical knowledge on preventing injuries, supporting recovery, and developing lifelong healthy habits.

At My Children Foundation, we believe sports nurture confidence, discipline, teamwork, and resilience. Equally important is helping young athletes understand how to care for their bodies and protect their long-term health.

The workshop reinforced a simple message: true champions value health as much as victory.

Injury prevention
- 
Recovery techniques
- 
Healthy sporting habits
- 
Teamwork & discipline

Strong body. Strong mind. Stronger together.

Partnerships & Milestones

★ MAJOR MILESTONE

FCRA APPROVAL

My Children Foundation received registration under the Foreign Contribution (Regulation) Act (FCRA), enabling the organization to legally receive international donations.

This milestone strengthens transparency, expands global partnerships, and creates new opportunities to support more children in the years ahead.

International Donations

Global Partnerships

Transparency & Compliance

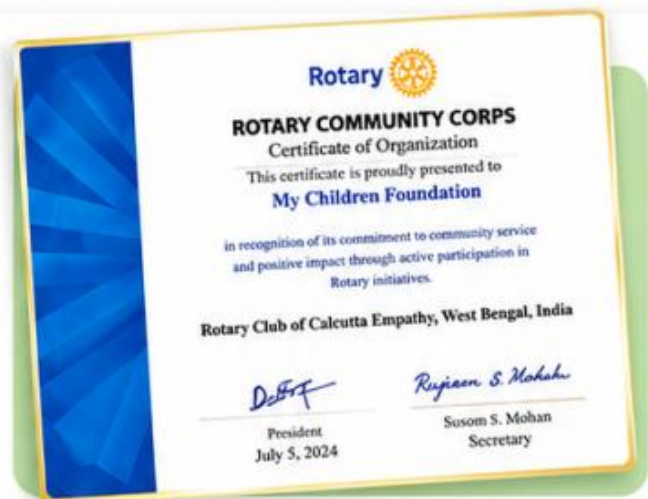

Sustainable Growth

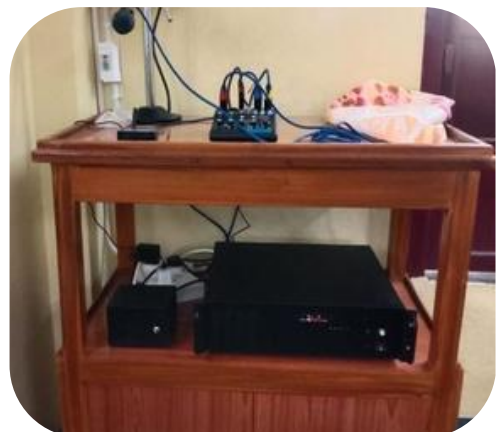

Rotary Community Corps

My Children Foundation was recognized by the Rotary Community Corps (RCC), strengthening community partnerships and expanding its social impact.

Public Address System Installation

A Public Address System was installed at Jatragachhi School to enhance communication and support assemblies, educational activities, and cultural events—creating a more organized and engaging learning environment.

LOOKING AHEAD

OUR FOCUS FOR THE YEAR AHEAD:

- **Support 25** more children through mentorship.

- **Expand** our network of mentors, donors, and volunteers.

- **Promote** holistic child development.

- **Establish** a community skill development centre in Kolkata.

- **Strengthen** our learning centres and educational programmes.

- **Expand** digital literacy initiatives.

THANK YOU

We extend our heartfelt gratitude to our children, mentors, donors, volunteers, partners and supporters for making **FY 2025-2026** a year of growth, learning, and impact. Your continued trust and support inspire us to build brighter futures every day.
